## **SoftwareONE suspends a significant part of its sales and business operations in Russia**

Stans, Switzerland | 14 March 2021 – **SoftwareONE Holding AG, a leading global provider of end-to-end software and cloud technology solutions, has decided to suspend a significant part of its sales and business operations in Russia effective from March 11, 2022.**

In light of the ongoing military aggression against Ukraine and the changed political and economic environment in Russia, which does not offer potential to operate with stability in this market in the mid-term, SoftwareONE has decided to suspend a significant part of its sales and business operations in Russia.

From March 11, 2022, SoftwareONE officially suspended all services to customers located in Russia while providing them with transition support. Regarding international customers, the company will fulfill its contractual obligations and pivot all provided services to its international teams.

SoftwareONE's deepest empathy and concerns are with the millions of people impacted by this human tragedy. The company stands in full support of Ukraine, peace and with the governments, companies and individuals around the world calling for the immediate end to the unlawful and cruel attack on the people of Ukraine.
