

## **SoftwareOne named a Customers' Choice in Gartner® Peer Insights™ Voice of the Customer for Software Asset Management Managed Services**

*Customers highlight SoftwareOne's expertise and service quality in independent Gartner survey*

Zurich, Switzerland, April 22, 2026 – SoftwareOne, a leading software and cloud solutions provider, announced today that it has been recognized as a Customers' Choice in the Gartner® Peer Insights™ Voice of the Customer for Software Asset Management Managed Services, published March 31, 2026. This distinction is based on feedback from customers who have used SoftwareOne's services.

"We are proud to see both SoftwareOne and Anglepoint<sup>1</sup> recognized by our customers in Gartner Peer Insights," said Raphael Erb, CO-CEO, SoftwareOne. "We feel this feedback underscores our commitment to delivering value and expertise across the full spectrum of software asset management services."

According to the report, SoftwareOne has an overall rating of 4.7 out of 5, based on 53 reviews as of January 31, 2026, in the Software Asset Management Managed Services market on Gartner Peer Insights. Vendors recognized as a Customers' Choice meet or exceed both the market average Overall Experience and the market average User Interest and Adoption score.

The Voice of the Customer is a document that applies a methodology to aggregated Gartner Peer Insights reviews in a market to provide an overall perspective for IT decision makers. The Voice of the Customer report includes vendors who have products listed in a particular market and have received 20 or more eligible reviews along with 15 or more ratings for the Capabilities and Support/Delivery sub-ratings over the 18-month analysis period.

Gartner Peer Insights reviews are submitted by customers who rate vendors based on their own experience purchasing, implementing, and using technology and services. The Voice of the Customer methodology applies consistent criteria to ensure fair representation of customer perspectives across the market.
