

ACCELERATE YOUR CLOUD JOURNEY

Simplify Your Cloud Transformation with Improved Availability, Cloud Spend Management and Dedicated Support through our End-to-End Managed Service

Even with Microsoft Azure being installed and running properly sometimes additional help and support is needed to succeed in your business. That's where we are at your hand.

Unified Support for Azure is our end-to-end service for Enterprise Agreement (EA) and Server & Cloud Enrollment (SCE) licensing only providing maximum flexibility and helping you to save costs and minimize disruptions. We help develop your strategy for the migration of workloads to the Azure environment, and once the best-fit workloads are identified, we architect and provision an Azure environment that is optimized for your business needs.

Depending on your Azure-related challenges and your cloud maturity, we provide advisory, server migration, SQL migration or optimization services. All packs include 24x7 Cloud Support, PyraCloud Cloud Spend Management and a Service Success Manager.

Furthermore, our Cloud Workload Security provides your organization with malware protection that not only scans for known malware, but also can detect unknown threats using machine learning that can recognize suspicious activity.

Your Unified Support for Azure Benefits:

- › **Create foundational knowledge** and a roadmap for a cost-effective server migration.
- › **Understand fundamentals** of IaaS & PaaS cloud management vs. legacy practices & better drive the operational changes in the Cloud.
- › **Start with a ready-to-use** Azure environment.
- › **Define the overarching rulesets**, principles, standards and conventions when migrating your server.
- › **Gain insight** into existing server landscape & migration opportunities.

Leverage The Power Of Azure | Chargeable Solution Packs for EA/SCE Licensing Only
