

DISCOVER THE VALUE MICROSOFT OFFICE 365 BRINGS TO YOUR ORGANIZATION

Do you want to be more productive with the right Office 365 apps? With the SoftwareONE Value Inspiration & Experience Workshop you will discover and experience your organization's value of Office 365.

The Office 365 applications, such as Teams, OneDrive, Skype, Yammer and Delve, offer endless possibilities to communicate and collaborate efficiently. At the same time, this complex diversity is a challenge for many companies and users:

How can your organization **discover opportunities** within the various applications?

Why and when to use a particular app?

How do you keep up with all the **new apps and features**?

Would you like to **use the full potential** of Office 365?

Your Benefits

1. Discover your organization's value of Office 365 as you discover the opportunities of each application through business scenario use cases.
2. Get to know how you can reduce costs, work faster, better and more efficiently and increase security by using the different applications.
3. Work more productively and efficiently by gaining not only theoretical understanding but also concrete business value through practical use cases for your day-to-day business. We want to inspire you to get more out of Office 365.
4. Adapt best practices for Office 365 applications which are showcased during the workshop using the SoftwareONE collaboration methodology combined with tips and tricks and hands-on examples.

DISCOVER YOUR ORGANIZATION'S VALUE OF MICROSOFT OFFICE 365
